

## The Articulate Gallery

The Articulate Gallery is a special frame to help you showcase the creativity of your children in a fun and functional way.

The frames make celebrating their achievement easy and professional - no more taping or tacking their wonderful work to the fridge door - you will have your own great new exhibitions, boosting confidence along the way.

from  
**£14.99**  
for a single gallery

The Articulate Gallery is simple, versatile and effective. It...

- is easy to use and can be filled on a rotational basis with mini masterpieces
- can exhibit A4 pieces of work (and other sizes on request)
- has depth to accommodate 3D creations, for example those featuring cotton wool, pasta shapes, tissue paper or pipe cleaners
- can help you store the abundance of artwork produced
- comes in single, double or triple 'galleries'
- is lightweight and can easily be hung lengthways or vertically
- and can be personalised using our special sticker kits

In supporting their education The Articulate Gallery can help with:

- building children's confidence and self-esteem
- valuing their own and others' creativity
- expressing ideas and feelings through drawing and painting

“It took me four years to paint like Raphael, but a lifetime to paint like a child.”

**Pablo Picasso**

Hanging the frames at their eye level will encourage your child/ren to create their own exhibitions. When hung at adult level they will love the fact that their work is on display for the whole world to admire.

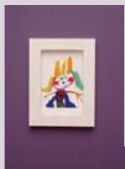

The Articulate Gallery looks great anywhere in the house. These mini exhibitions are a great talking point between families and friends and take the masterpieces created at home, at nursery or at school off the fridge door and put them in their rightful place - in a proper frame, on the wall, just like a real artist.

The frames are made from MDF coated with non-toxic lacquer and are available in antique white.

“It has turned Hannah’s experiments with art into a talking point when people visit our home. A really simple but stylish way to show your child how proud you are of them.”

**Heather Irving, Glasgow Mum**
