

The Articulate Gallery

The Articulate Gallery is a frame to help you showcase the creativity of nursery and early primary pupils in a fun yet functional way.

from
£14.99
for a single gallery

The frames are intended to make celebrating achievement and attainment easy and professional – no more frieze and border paper, staple guns or sticky tape required for your great new exhibitions.

The Articulate Gallery is simple, versatile and effective. It ...

- is easy to use and can be filled on a rotational basis with mini masterpieces
- can exhibit A4 pieces of work (and other sizes on request)
- has depth to accommodate 3D creations, for example those featuring cotton wool, pasta shapes, tissue paper or pipe cleaners
- comes in single, double or triple 'galleries'
- is lightweight and can easily be hung lengthways or vertically
- can be personalised for classes or groups
- and themed for celebrations, festivals and events throughout the year.

In supporting A Curriculum for Excellence the Articulate Gallery can help with:

- building children's confidence and self-esteem
- valuing their own and others' creativity
- supporting expressive developments
- expressing ideas and feelings through drawing, painting and photography
- and developing an understanding of the world around us.

“It took me four years to paint like Raphael, but a lifetime to paint like a child.”

Pablo Picasso

The Articulate Gallery looks great in either a home or an educational setting. However at Articulate Scotland we believe that supporting the curriculum is where the frames have most impact.

The frames are made from MDF coated with non-toxic lacquer and are available in antique white. They are pre-drilled, ready for wall hanging and can be personalised using our special sticker kits.

“Pupils are impressed and staff believe that the children’s work looks good. Their work really does look as if it is in a gallery.”

**Head Teacher,
Glenwood Nursery School, Glasgow**
