

The Articulate Gallery

articulate
THE GALLERY

The Articulate Gallery is a special frame to help you showcase the creativity of your children in a fun and functional way.

Hang the wooden frame where everyone can see it, then simply slip your child's pictures inside when they bring them home from school or nursery. Voila! Instant art that you can change as you feel like it or whenever the next masterpiece is created. Just think how proud your children will be when they see their art in their very own frame.

**“Every child is an artist.”
Pablo Picasso**
